

**Honorable
Mention**

Project Title: **Urban Interior Design**
Student name: **Brian Goldberg**
Level:
Course: **Advanced Digital Design**
Advisor/Instructor: **Patrick Slater**
Principal Investigator: **Patrick Slater**
Department/School: **Wayne Valley High School.
Wayne, New Jersey**

Summary description of project:

The objective of this project was to design the interior for a duplex apartment. This student designed an interior that blends classical and contemporary styles. He used **form•Z** to not only assist in the visualization of the physical space, but also to simulate the effects of light, shadow, and materiality in those spaces.
